Company

Established in 1976, COG began by selling, storing, refurbishing and installing new and used furniture in the Bay Area. Concurrently in 1976, Haworth revolutionized the furniture industry by introducing the first pre-wired panel system.

History

With a legacy of providing client solutions, quality products and excellent customer service, COG has grown to become one of the Bay Area's largest contract furniture dealerships as well as a Haworth top ten Preferred Dealer in North America. More recently, Contract Office Group is proud to have achieved certification as a minority-owned business. This certification was awarded to COG by the Northern California Minority Supplier Development Council in 2011.

Strong Leadership...

In 2001, Leonard Alvarado became COG's new Principal. With over 26 years of industry experience including five years as Haworth's Western Regional Director, Leonard understood that the Bay Area market needed a dealership that could provide furniture solutions and services that could adapt to change and keep pace with technology. This vision inspired him to assemble a team that shares his same passion for Creating Sustainable Workplaces utilizing Haworth's Integrated Palette of interior solutions encompassing floors, walls, furniture systems and seating.
